“Buy less, choose well, make it last” is designer Dame Vivienne Westwood’s message. With this mantra ringing in their ears, the Cambridge Carbon Footprint team bring us the **Sustainable Fashion Festival** on November 17 at St Barnabas Church on Mill Road, for all Cambridge fashionistas and for anyone who cares about the huge negative impact fast fashion has on the environment. You’ll find a clothes swap party, a sewing themed textiles repair cafe, an interactive fashion show, sewing skill-shares, a styling zone, workshops, talks and pop-up sustainable fashion stalls offering new and vintage clothing.
